DESCRIPTION

The Stony Point Campus is a collection of four Class A office buildings located on a beautiful three-acre man-made lake with glass block fountains, walking paths and dramatic water displays. The buildings offer extensive glass lines and oak trim finishes. These four buildings were built between 1990-2001 and considered the "premier" office park within Santa Rosa. The project is known for its unique campus-like environment, institutional-quality construction, and central location near both employee and executive residences. The property also benefits from its immediate proximity to Highways 101 and 12, public transportation and onsite amenities.

New 790.4 kW rooftop solar panel installation reducing annual carbon footprint by 879 tons and generating 1,127,270 kWh/year of power.

LOCATION

The portfolio's location provides close proximity to the region's executive housing and over 3.4 million square feet of regional retail amenities within a two mile radius. Nearby retail amenities include Coddington Mall, the region's shopping mall and Santa Rosa's primary retail destination. Coddington Mall has over 45 stores and features Whole Foods, Target, Macy's and Nordstrom Rack.
